Reaching Out  
ministries

"Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you alway, even unto the end of the world. Amen." Matthew 28:19-20

## December 2025

Dear supporting pastors and churches,

The past two months have been busy, and we are grateful for your continued prayers. Global Baptist Bible College has now surpassed 15,000 registered students across more than 190 countries. Our primary outreach channel remains targeted Facebook advertising, though word of mouth and organic searches continue to drive substantial growth. In several countries, GBBC now appears in the top search results on Google for free English Bible college.

In September, Bro. Lange completed a two-week ministry trip to Europe, while I helped handle the administration tasks on this end. The first stop was London, where he finalized an agreement for us to host GBBC's curriculum on a Christian organization's cloud-based platform. This partnership will allow theological institutions worldwide to access our courses. Their next distribution project will make the curriculum available to 40 institutions in Eastern Europe and Central Asia, including Ukraine, Moldova, Georgia, and the Baltic nations. This is an amazing opportunity to share the true gospel and rightly divided truth with people we would not otherwise have been able to reach.

The second stop was the Netherlands, where a group of GBBC students organized a one-day missions conference for local students. Attendance was smaller than anticipated, but the event was still a strong success. It provided students an opportunity to meet in person and form relationships that can support long-term ministry collaboration. Planning is already underway to make this an annual gathering, with expectations for continued expansion. Administration continues to correspond with students, answering any doctrinal or practical questions they may have, along with registration and grading. Here is a quote from Damian in Ghana:

*"I started the course about a month ago, and I must say, this is the first of its kind. To see a free Bible school where lecturers take time and research deep into the scriptures and rightly divide the word for clarity. I am very grateful for this opportunity, and I have already recommended it to many. It has always been my desire to be disciplined so I can know the Lord better and disciple others."*

When talking about this online ministry, it is sometimes difficult to convey the vision and impact. When God closed the door for us to stay in Brazil, we prayed God would still use us in reaching the world with the gospel. Being a part of GBBC is an answer to that prayer. It's not just a Bible college. The gospel is going out to people who have never heard a clear presentation of the gospel before finding us, and it is reaching those who were confused about salvation. Besides seeing souls saved, we are investing in men who are reaching their own people with the gospel and connecting key men with local missionaries or pastors. We thank God that we can be a part of this far-reaching ministry.

In His service,

Rob Johnson
